Baja Breeze cardstock

Soft Suede cardstock

12" x 12" Very Vanilla cardstock

Scallop Trim Border Punch

Very Vanilla Grosgrain Ribbon

Elegant Soiree Designer Series Paper

Sticky Strip

Fiskers Cutter & scoring blade

Cropodile

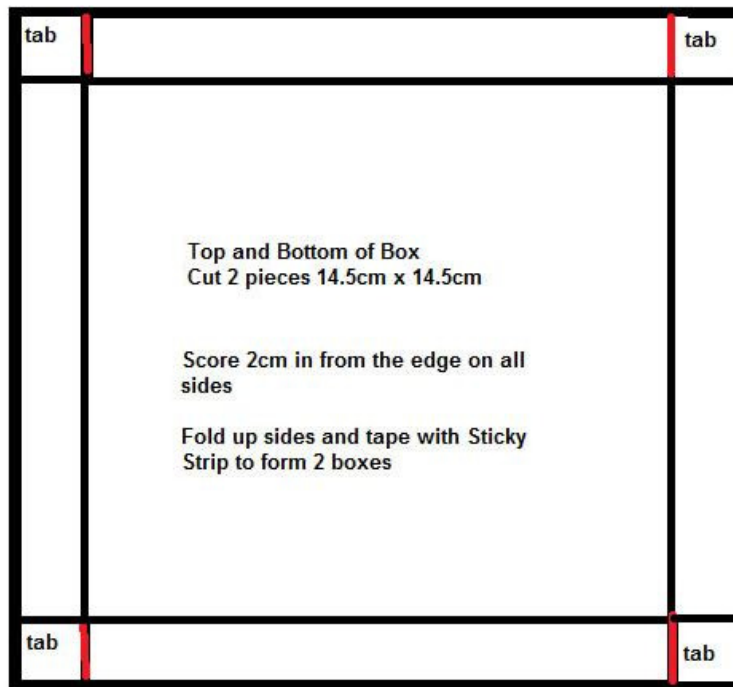

Cut 2 pieces of Soft Suede cardstock 14.5cm x 14.5cm. Score 2cm in from edge on all sides. Fold on score lines. Snip into score lines on each corner as shown in red in the diagram. These will form tabs. Apply Sticky Strip to the outside of these tabs and adhere behind the sides.

Cut strips of Soft Suede cardstock 1.5cm and punch along one edge with the Scallop Trim punch. Adhere to sides of both boxes as shown in the picture.

Cut two pieces of Very Vanilla Grosgrain Ribbon approximately 47cm long. On the inside of each box place a strip of tape across the centre. Adhere ribbon to the inside of each box, so that the ends are of even length. Mark with a pencil the placement for a hole on opposite sides of each box piece. Punch with the Cropodile and thread ribbon through the holes.

From the 12" x 12" cardstock cut 3 pieces of Very Vanilla cardstock 10 cm wide. Score at 10cm intervals. Adhere the three strips together by overlapping one narrow tab piece to one full piece. Cut off one 10cm x 10cm section so that you have 8 sections.

Adhere each end piece to the inside of the boxes. Cover these end pieces with coordinating DSP cut 9.5cm x 9.5cm.
